ROTARY CLUB OF ALLEPPEY DISTRICT 3211  
CHARTERED AS 7339TH CLUB ON 25.07.1949  
We meet on Wednesdays at 7.00pm  
at Revi Karunakaran Rotary Hall, Alleppey

Vol : 67 | Issue 3436 Since 1 August 1949 | No. 2 (2015-16)

Be a gift to the world

### Editorial:

Thank you P O Thomas for a wonderful year of service to the community. Your farewell message was crisp and overwhelming. Like you we were also humbled in the astute way you lead us and conducted the business of the club during the past year.

**11 July 2015**, a day to remember for all of us this Rotary year. Firstly, our own Advocate V Deepak was adorned the coveted Presidential collar and took over the mantle as the sixty seventh head of this prestigious club in a colourful, well organised installation function. His acceptance speech of service to community was immediately followed in action when he announced his first project to providing washroom cleaning materials to the Government Girls School, which was accepted by the Principal of the school and the PTA President

Secondly, our chief guest, Justice JB Koshy, through his humorous, thought filled message conveyed the need for organisations like us to come forward and protect the fundamental human rights which is being abused beyond words these days.

CCTV, Policing, Judiciary etc. alone cannot guarantee anything. These are just administrative accessories which if coupled with good citizen behaviour and attitude will go a long way in eliminating most of the ills we come across, face in today's life.

This leads me to share a news feature which I read about five months ago. Stephen's

Infact **END** means **E**ffort **N**ever **D**ies. If you get **NO** as an answer, remember **NO** means **N**ext **O**ppurtunity.

So let us be positive and make this world a better place for all of us to live in.

Be a gift to the world

College Delhi an old institution which has produced great human beings for our country started a novel programme by launching a course for the people of Delhi to become better citizens. There is no cut off marks for this course and the eligibility criteria is only the student should be 18 years+ and finished school. The course will cater to a minimum level of all round growth. It will include elements of history, economics law, sociology, management, political science, current affairs and philosophy. The effort was to create an ambience that is culturally rich, intellectually vibrant, sensitive and caring and a change in attitude.

This reminds me while I was studying we had a subject called Moral Science and Civics. Though the marks were not important for promotion to a higher class all of us looked forward to this period daily with great enthusiasm. What we learnt there was the stepping stone for moulding our character and shaped us to become what we are now.

During the education revolution and modernisation this has taken a back seat and or vanished and I humbly request Schools and Colleges within our district to revive this, take the initiative and plan for this in the academic timetable to teach the new age children or the future, the value of being a good human being which we so much imbibed from our parents and our ancestors for generations.

My dear Rotarians, I would like to take this idea forward by appealing to the number of likeminded Rotarians within our club, Our Assistant Governor who is a teacher himself to embrace this and develop a program in association with schools and colleges to make better citizens of the people. We, the people who were born between 1950 to the late 1980's are the last generation of people who listened and respected their parents, teachers, elders and feared in the almighty. The cultural fabric weaved into us during our early growing days taught us to be caring, sensitive and respectful of all. These nice words were lost somewhere during the last two half decades to globalisation and attitude shift.

This, if implemented, will be **Our Greatest Gift to this World**. Together we can make it happen.
